

MARK OF APPROVAL

Data Encryption Systems has achieved the CESG Claims Tested Mark (CCTM), a government quality mark designed to prove the validity of security functionality claims by vendors. As a CCTM accredited product, DESlock+ 3.2.7 can now be used within the public sector, Central Government and the MoD. DESlock+ helps protect against all types of data breach by offering simple, yet powerful, encryption of documents, folders, disks and removable storage media, and computer systems.
